

**Buttermere Parish Council**

**Publication Scheme**

**Freedom of Information Act 2000**

## **INTRODUCTION**

### **The Freedom of Information Act 2000**

The Freedom of Information Act 2000 grants to members of the public rights of access to all kinds of recorded information held by a wide range of public authorities. Information about the Act is available from the Information Commissioner's Office at [www.ico.gov.uk](http://www.ico.gov.uk)

### **Publication Scheme**

The Act requires every public authority to adopt and maintain a generic model publication scheme which should be adopted and operated by all public authorities from 1 January 2009. It is intended to provide everyone interested in the Council with a comprehensive guide to the information that the Council will automatically or routinely publish or otherwise makes available to the public.

### **Freedom of Information Requests and the Publication Scheme**

It is important to note that a publication scheme simply sets out the information that is routinely available. Information that is not listed in the Information Available Guide of this document can still be requested and it will be made available unless it can be legitimately withheld. This can be done by making a written request to the Parish Clerk who will reply within 20 working days after receipt of the request.

### **The Council's Commitment to the Act**

The Council is committed to openness and accountability and already makes large amounts of information available to the public, through the website, via the telephone and by post. Should a personal visit to view information, an appointment will be necessary.

## **MODEL PUBLICATION SCHEME**

This model publication scheme has been prepared and approved by the Information Commissioner. It may be adopted without modification by any public authority without further approval and will be valid until further notice.

This publication scheme commits an authority to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the authority. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner.

The scheme commits an authority:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the authority and falls within the classifications below.
- To specify the information which is held by the authority and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information the authority makes available under this scheme.
- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.

## **The method by which information published under this scheme will be made available**

The authority will indicate clearly to the public what information is covered by this scheme and how it can be obtained.

Where it is within the capability of a public authority, general information may be provided on a website. Where it is not available or impracticable to make information available on a website or when an individual does not wish to access the information by the website, a public authority will indicate how information can be obtained by other means and provide it by those means.

In exceptional circumstances some information may be available only by viewing in person. Where this manner is specified, contact details will be provided. An appointment to view the information will be arranged within a reasonable timescale.

Information will be provided in the language in which it is held or in such other language that is legally required. Where an authority is legally required to translate any information, it will do so.

## **Charges which may be made for information published under this scheme**

The purpose of this scheme is to make the maximum amount of information readily available at minimum inconvenience and cost to the public. Charges made by the authority for routinely published material will be justified and transparent and kept to a minimum.

Material which is published and accessed on a website will be provided free of charge via the website

Material will continue to be added to the website where the Parish Council is able to do so.

Charges may be made for information subject to a charging regime specified by Parliament.

Charges may be made for actual disbursements incurred such as:

- photocopying and/or printing at 10p per A4 copy

If a charge is to be made, confirmation of the payment due will be given before the information is provided. Payment may be requested prior to provision of the information.

### **Written requests**

Information held by a public authority that is not published under this scheme can be requested in writing, when its provision will be considered in accordance with the provisions of the Freedom of Information Act 2000.
